

RHODE ISLAND USBC B. A.

Dear Sir or Madame,

As you undoubtedly know, breast cancer is the number one killer of women. You may not be aware, however, breast cancer also strikes men. A cure for this horrific disease needs to be found, and this takes research. The Rhode Island Bowling Association (RIBA) is one of RI's sponsors for this cause. Please help us in this venture to help find a cure.

We would like to thank all who sponsored or donated to the cause last year. You helped us raise \$7,500.00 for Susan G. Komen Bowl for the Cure Fund. Thank you.

The RIBA is holding a Bowl for the Cure Event this year on February 11, 2012 at East Providence Lanes, 80 Newport Avenue, East Providence, RI at 12p.m. Proceeds from this charity event are donated to the Susan G. Komen Bowl for the Cure Fund® for breast cancer research. Please join our team by sponsoring a bowling lane for \$100.00(2'x3' sign) or co-sponsor a lane for \$50.00(2'x1'6" sign). You can also sponsor a pair of lanes for \$150.00(3'x4' sign). You can donate an item(s) for silent auction or gift cards or baskets to be used for the raffles. Please help us in this fight. All donations are tax deductible. The RI USBC BA is a non-profit 501(c)(3) organization.

Please send donations to: Susan G. Komen Bowl for the Cure®
